## To Mum

Thank you for the gift of letting us live our own lives without judgement but with your loving support and maybe a bit of advise if requested or needed.

Thank you for being you as we always knew your standards and expectations from us without the guilt when we didn't quite live up to them. Just pick yourselves up and get on with it and be able to learn from our mistakes without judgement.

Thank you for your kindness and open heart shown to family and friends, there was always room in your house to put one or two or more up when they were in need.

Thank you for your own independence and strength, especially when dad passed away, for being so strong for us, just getting on with life without too much fuss.

Thank you mum for just loving us, letting us grow into the adults we have become, the people we are with your unconditional love and support. You will be greatly missed by us all but never stopped being loved by us all.

Thank you for teaching us by example the values of being honest and respectful of all people.

*If flowers grow in heaven,  
Lord, then pick a bunch for us.  
Then place them in our mother's arms  
and tell her they're from us.  
Tell her that we love and miss her  
and when she turns to smile,  
place a kiss upon her cheek  
and hold her for a while.*

All family members thank you and express their sincere appreciation for your love, support and friendship during this sad time.

You are invited to join them afterwards for refreshments at Romeo and Juliettas.
