Someone close has left our side (again) its hard to bear the thought But try to remember the good times and the happiness they brought Our memories will help us, to keep on keeping on For the love we hold in our hearts and mind can never ever be gone. thinking of you Jason *from the Thorpe family* 

# The way we were....

Memories light the corner of my mind Misty water coloured memories of the way we were Scattered pictures of smiles we left behind Smiles we gave to one another For the way we were

> Can it be that it was all so simple then Or has time re-written every line if we had the chance to do it again tell me, would we , could we

Memories may be beautiful and yet what's too painful to remember we simply choose to forget So it's the laughter we will remember Whenever we remember

> the way we were the way we were

Love Jasmin

#### Cousin

We've made a lot of memories Throughout our childhood days. No worries in this great big world. All we did was play.

I knew you would have my back; That I could count on you. Even now since we've grown up, I know that still is true.

I can't even remember The first time I saw your face; But I do know within my life No one can take your place.

We're there for each other, And we will be to the end. By blood we our cousins; And by our hearts we're friends.

from cousin Amanda

A whispered breath , and then your soul flew, silent and swift like a passing owl.

Away from pain and muddled brain now free to join lost loved ones again.

The memories stay, your love, your smile, part of our lives for a long long while

from cousin Carissa
